DIRECTOR OF STUDENT SERVICES

May 20, 2010

To Whom It May Concern:

Over the past three years, Serianni Construction has been an extremely valuable business and community partner for our school, Welland Centennial Secondary, and our school board, District School Board of Niagara (DSBN).

They have participated in a number of school programs, from the Co-operative Education program to the Secondary High Skills Major Program. Serianni Construction has taken a number of our Co-operative Education students. They provided students with valuable learning experiences that have supported student personal growth and helped them to develop career goals in the construction industry. As our community partners, they have always helped students function as an integral part of their team. They also sponsored one of our students who went on a home build to El Salvador.

Serianni Construction offers our Specialty High Skill Major Students outstanding experiential learning opportunities. Students were teamed with Serianni Construction on a number of projects. One project was a build at the Niagara Children's Safety Village. Serianni Construction volunteered their workers, their time and their equipment to train our students and make the project a success for our school, for Niagara Children's Safety Village and for the Welland Chamber of Commerce. They also offered their expertise to our theatre Arts Program with their assistance in set building. Serianni Construction continues to mentor our students on a number of projects.

On a business level, Serianni Construction is very professional and offers outstanding workmanship. They completed a DSBN contract to replace the flooring in our Auditorium. The job was completed on time and with consideration to the school's needs.

We have been pleased with Serianni Construction's partnership both on a business and community level. Their dedication, honesty and commitment to student learning and growth have been exceptional. We look forward to a continued association with Serianni Construction.

Sincerely,

Dave Colónico, Robert Motola
Co-operative Education Coordinators
Welland Centennial Secondary School
